## Vester Ladner's Lawsuit Against City Government Dismissed; Scafide Will Reply Later

MAY QUEEN CANDIDATES—The four girls who are competing for Queen of the May Festival at St. Joseph Academy are from left to right, Susie Holcombe, De De Olavarita, Mary Rose La Bruzzo, and Gayle Drury.

A libel suit against the City of Bay St. Louis by Vester Ladner was dismissed Tuesday for Mayor John Scafide was given 10 days to answer the charges against him personally.

Mr. Ladner said he filed the suit because his character was blemished and that he was caused much embarrassment before his neighbors when he was arrested by the City of Bay St. Louis.

Lucien Gex, attorney for Ladner, stated in his declaration that Mayor John Scafide as ex-officio and police justice of the city, was responsible for the arrest of his client, and that the city did not have just cause for the arrest.

Dan Russell, who is defending the city as well as the Mayor, pointed out that the affidavit was not issued by the Mayor but was signed by the Chief of Police. He also stated that reason for the arrest was the destroying of city property as Ladner had broken the lock off the gas meter at his house after it was closed for his failure in paying his gas bill.

Gex pointed out a similar case ruled on by the Supreme Court a few years back, where a suit was brought against a County and the Justice of the Peace for having issued the order for the arrest of the defendant. The court ruled that, even though the affidavit was signed by a police officer, the Justice of the Peace was liable for issuing the order for the arrest. He stated that his client was taken into custody without committing a crime against the city.

Russell countered with the fact that the destroying of the city's property was a crime and that was the basis for his arrest.

He argued that the Chief of Police was not forced to sign the affidavit by the Mayor, and brought up a case a few years back in the City where the Chief of Police resigned after refusing to sign an affidavit for the seizure of slot machines which were operating illegally in town.

Judge Leslie Grant, circuit judge of the second judicial district, then dismissed the case against the City and granted Russell 10 days in which to have an answer for the declaration of the defendant.

The case against Mr. Ladner for destroying the city's property will come before the jury Monday.

The Houston Franklin murder case which comes up for trial dates back to 1952, when Franklin was accused of murder and indicted by the Grand Jury. He has been out of jail on a \$10,000 bond for the past two years.

Civil Cases coming up next week are, American Creosote Works vs. T. E. Kecklar; Monticaver vs. Mrs. Theo Tudury; D. Carver vs. Mrs. Theo Tudury; H. Holmes vs. Thomas H. Brockman; Service Fire Insurance Co. vs. Noel Haas; Superior Supply vs. Chris Hoefel; S. A. Stewart vs. Robert Scivique.

Criminal cases which will be heard this coming week are, State vs. Houston Franklin, for the charge of murder; State vs. Jack Craddock and Willie E. Crawford, for assault and battery; State vs. Vester Ladner, for larceny, and the State vs. Vester Ladner on the charge of disturbing the peace, drunkenness and using profane language; State vs. Alexander Bush, for burglary; State vs. Alexander Bush on a grand larceny charge; State vs. Raymond Moddy for sodomy; Willie Bonner will be sentenced on one charge of burglary, in which he pleaded guilty, and will be tried for burglary in which he pleaded not guilty.

### Legion Auxiliary Will Sponsor Essay Contest

At the March meeting of the Auxiliary of the Clement R. Bontemps Post 139 held last Monday at the Legion Home, plans of the Auxiliary's sponsoring the Americanism Essay Contest, for students of Bay St. Louis and Hancock County were discussed.

Last year Phyllis Allison, representing the local auxiliary, won the State finals in the contest. Details were completed for the Legion's annual birthday party, which will be held Saturday, at the Legion Home.

Mrs. Claiborne Ladner, president, announced that the Spring Conference for the District will be held April 27 at Van Cleave, Miss.

### GRAND JURY RECOMMENDS THE BUILDING OF A NEW POOR HOUSE

The Grand Jury at their session recommended that the Board of Supervisors dispose of the present County poor house and construct a new building for the paupers of the County.

The jury stated that most of the funds for the buying of the land and the construction of the building could be obtained by the sale of the present poor house.

The following is the report of the Grand Jury:

"We, the Grand Jury, having been duly empaneled for Hancock County, Mississippi, in the March Term of the Hancock County Circuit Court, have been in session for two days, during which time we have examined fifty-six (56) cases, and returned thirteen (13) true indictments. We have additionally remanded one (1) case to the Justice of the Peace Court and one (1) to the Youth Court Referee for their respective disposition.

"It is hereby recommended by this Grand Jury, that the Board of Supervisors dispose of the present poor house by selling same and purchase land conveniently located (or use 16th section land) and build a building with sufficient space to house the paupers of the County. It is further recommended that this also be made a

Warren L. Sulz, Foreman of the Grand Jury.

### Garden Guide

This week's Sea Coast Echo contains an extra section, our first annual Garden Guide. Save it, for it contains planting charts and valuable tips for year-round use.

This guide is dedicated to the Bay-Waveland Garden Club on the eve of its annual participation in the Gulf Coast Garden Pilgrimage.

The editors wish to voice special thanks to Mr. Howard Adams for his cooperation in the selection of materials.

### Rotary Club Elects Officers

The Rotary Club elected new officers for the year this week. They were Ken Whitfield, president; Lambert T. Boyd, Jr., vice-president; and Carl Smith, secretary.

C. M. McDonald, Jr., Bob Hamilton, Alden Mauffray, and Homer Gregory attended the District Assembly held in Biloxi.

At this week's meeting the Rotary voiced to turn over the proceeds from the Ole Miss band concert to be held at the Bay High to the local Boy and Girl Scouts.

### Miss Haas Dies At Touro

Funeral services took place March 5 at Kiln Catholic church for Miss Josephine Haas, 51, who died at Touro Infirmary in New Orleans March 4.

Burial was in Bayou Coco. Miss Haas had been a resident of New Orleans for the past 25 years.

Survivors are Vernon Haas of Cyril, Okla.; Joseph J. Haas, Frank B. Haas, Leo J. Haas of Kiln; Lazrus Haas of Passagoula; Miss Iven Haas of Kiln; Miss Vester Haas of New Orleans and Mrs. George A. Rhodes of New Orleans.

### Realty Sales Reported High

Realty sales of \$77,900 during the first two months of 1954 show signs that the Gulf Coast area of Hancock County is in for a good year of business, according to a survey released by Dantagnan Realty this week.

All through the new area new homes are being constructed and lots being cleared, the report said. Too, more and more acreage is being planted in permanent pasture. Pine seedlings are being planted by individuals and by the paper companies on their vast holdings in the area.

Rice men from Texas, and from Louisiana, said the survey, are looking over the possibilities of raising rice in this territory when it was learned that James L. Crump grew 69,000 pounds of rice on 40 acres of land in the county.

It was further stated that farmers are studying the possibilities of putting in egg factories under Auburn University. Two such factories are in operation now in the county.

The reason for the great interest in the egg factories would be even greater if people realized how much money is being sent out of the states of Mississippi and Louisiana for eggs, said the report. It explained that the combined states consumed 181,600,000 dozen eggs and only raised 83,600,000 dozen, causing over \$40,000,000 in eggs to be imported.

Sales reported by the Dantagnan Realty Co., include a tract of land of 1100 acres for the account of Cooney and Evelyn Weston; 8000 acres for the account of Finest Foods, Inc.; the cottage at 228 Leonard Avenue for the account of Westly Hicks; the cottage at 311 Citizen Street for George Benigno; a four room house on Forrest St. in Clermont Harbor owned by J. W. Hill, Jr.; 220 feet on Highway 90 owned by cottage at 345 Main St. for the account of the Industrial Electric Co., and the single cottage at 400 Third Street owned by Mrs. George Pucheu. The last two sales were made by Mrs. Alice McGovern, representing the Dantagnan firm. Total of the above sales was \$77,900.

### 4-H Club Rally Set For March 6 22

The 4-H Club announced this week that its annual rally will be held at Bay High School on March 26.

### Junior Holy Name Organizes; Elects Officers

The Junior Holy Name Society was organized Wednesday night with the election of officers. T. A. Monti was elected president of the new society; Kenneth Ar-tigues, 1st vice-president; Ivan Bradford, Jr., 2nd vice-president; and Ballard L. Argus, Jr., secretary-treasurer.

The meetings will be held on Wednesday nights preceding group Holy Communion on the second Sunday of each month. The functions and meetings of the junior society will follow in order with the senior society.

On Sunday, March 14 the new junior members will march in a procession with their fathers to receive Communion in a group.

Father Hugh J. Taylor officiated as Spiritual Director at the installation ceremonies of the new officers.

### Memorial Services Cynthia Bartram

Memorial services for Cynthia Jane Bartram, will be held Sunday, March 14 at Christ Episcopal church. The service will be in connection with the regular morning prayer at 11 o'clock.

### General Klein Nominated For Adjutant General

President Eisenhower on Feb. 15 nominated Major General John A. Klein for promotion to Adjutant General of the Army.

General Klein who now serves in the capacity of deputy adjutant general, is the brother of F. B. Klein, Sr. of Clermont Harbor.

His military career goes back to 1914 when he enlisted as a private in an Infantry Regiment. From there General Klein worked his way through the ranks, until in 1953 he was promoted to Major General.

### Burns Fatal To Mrs. Dickson

Funeral services were held Thursday for Mrs. Pearl Bennett Dickson, well known Bay St. Louis resident and wife of Dr. Laurent Dickson, who died March 9, as the result of burns received in an accident in her apartment last week.

The tragedy befell Mrs. Dickson when her clothing brushed against an open gas heater last Tuesday night. She was rushed to Foundation hospital in New Orleans, but the burns proved fatal.

Dr. Dickson and her stepson, Jerry, were at her side when death came.

Services for the deceased were conducted by the Rev. Schuler Batson and the Rev. Dodge. Burial was at Gulfport Evergreen Cemetery.

Surviving, in addition to her husband and stepson, are two sisters, Mrs. I. H. Rouse of Hattiesburg; Mrs. Douglas Neill of Gulfport and three brothers, J. W. Bennett of Paducah, Ky.; W. S. Bennett of Atlanta, Ga.; W. T. C. K. of Gulfport.

Mrs. Dickson was the daughter of Laura Woodward and the late Thomas R. Bennett of Logtown.

### Final Plans Made For Legion Party

The Clement R. Bontemps Post 139 will celebrate the Legion's Anniversary at a party Saturday night in the Legion Home.

Plans have been made to have a huge birthday cake with appropriate number of candles commemorating the thirty-fifth year since the founding of the Legion.

The party is for the Legion members and their friends or dates and the Auxiliary members and their husbands or dates.

Fred Fayard Sr., chairman of the Americanism Committee, announced that the Legion Award to the outstanding students in the senior classes of each Elementary School of the City and County will be presented at the graduation ceremonies of each school.

The Legionaires volunteered to replace the blood which was used in the attempt to save the life of Mrs. Laurent Dickson.

### Town And County Garden Meeting

Mrs. Louise Moreau was hostess to the Town and County Garden Club on the occasion of its second birthday and annual election of officers Tuesday.

Those elected were Mrs. A. Mathes, president; Mrs. William Bozeman, vice-president; Mrs. Frank Henchy, secretary; Mrs. A. J. Butz, treasurer.

Open discussion was about the flower shop expected to be staged on April 27. Mrs. C. E. Ripple was appointed general show chairman.

### Plan To Rebuild Waveland Pier

A benefit dance to raise funds for rebuilding and extending the Waveland Municipal Pier will be held March 19 at the Top Hat Club in Waveland. It was announced this week.

Leland's Orchestra of New Orleans will furnish the music. There will be an entrance prize. Donations are set at one dollar each.

In charge of the project are Mayor Ladner and Mesdames O. L. Villere, C. K. Herlihy, Harry Lynch and Fred Bourgeois.

THE HOUSE—home of Mr. and Mrs. B. H. Lister on South Beach...The home is so named because it was the headquarters of the coast buccaners of Jean Lafitte's day. Visitors will tour March 17.

### Day

Plans are being taken for the Pilgrimage Luncheon at the Bay-Waveland Club March 17 and for accepting value of old china and glassware displayed at the home Tuesday during the tour, it was announced.

Otis at phone No. 1000 has reservations for the between now and March 17.

Seal announces that antique china and glassware will be brought to the on South Beach on between 10 a. m. and 2 p. m. and there will be a police guard at the home Tuesday.

Bay Thursday morning by the flocks. Maybe the winter is about over.

August Rauxet and Watson John have given us some good reports about green trout. They said they have made some good catches lately. About time.

Another local golfer to join the many playing at the Pass Christian Isles course is Forest Stevens. He loves the game and plays as often as possible. In the making at the course is a Scotch Four-some tourney which is creating much enthusiasm. Alex Cunningham has done a swell job with the course and has it in excellent shape at present.

Hope Leo Seal, Jr., improves his game with the new clubs he just acquired. He is proud of them—rightly so.

A. J. Martin, Jr., of Jackson, long active in conservation work, has recently been appointed state representative of Ducks Unlimited and assumed his new duties on Feb. 7.

When you are hunting or driving through forested areas, remember to be careful with fire. One match or cigarette carelessly dropped, one camp fire left unattended can start a fire that could burn a forest. In winter woods that have not been burned present a beautiful landscape, but once fire goes through them they take on the appearance of a grave yard—dead seedlings, injured trees are a sickly black. Remember for the sake of the young generation help us prevent forest fires.

THAT'S SOMETHING!  
San Diego, Feb. 5.—The skipper of a fishing boat told of hooking a whale on a fish line and witnessing a collision between two other whales, all within the space of 20 minutes.

Harold W. Hanson, skipper of the Lucky II, said he was fishing at the edge of kelp beds offshore when one of his fish-hooks caught either a part of the lobe of the whale's tail or became entangled in the mass of barnacles that encrusted the mammal's side.

Hanson said the whale suddenly surfaced, spouted and then headed southward at full speed, snapping the fishing gear. He estimated the mammal was 65 feet long.

## BIG LEAGUE BASEBALL STARS VISIT SCOUT'S HOME IN WAVELAND

By GREGORY FAYRE

"The Red Sox have a good chance this year and I sure hope they finish on top."

This statement was made by Mel Parnell, the ace pitcher for the Boston Red Sox of the American League, during a visit in Waveland with George Digby, southern scout for Boston.

Another visitor was Putsey Caballero, second baseman with the Philadelphia Phillies chain. Last year Putsey played with the Baltimore Orioles of the International League, whose franchise this year was moved to a major league status.

Both of these professional ball players are from New Orleans. Parnell will leave next week for Sarasota, Fla., the site for the Red Sox spring training and Caballero will leave in March for Plant City, which is the new training center for the Phillies.

Parnell was the owner of one of the best pitching records in the major league last year, with 21 wins and 9 losses. He defeated the world champion New York Yankees six times with four shutouts. When asked about Ted Williams he said, "Ted should be a big help to the Red Sox this season."

Caballero had a .283 batting average with Baltimore, and, through the trade of Connie Ryan has a good chance for the wide open second base berth on the National League Philadelphia team.

Mrs. Caballero, who is the daughter of Dan Levy owner of Dan's International Club in New Orleans, related their funniest experience since Putsey has been in baseball.

She said "the first year I accompanied my husband to spring training, this was the year he was a 20 year old rookie for the Phillies and I didn't know what a out was in baseball. During the course of the training we stayed in a cottage in Clearwater and our neighbor was a lady of considerable age.

"The last day before we went on the road we were playing the Athletics and the lady next door phoned and told me she wanted me to meet an old friend of hers, Happy Chandler."

Mrs. Caballero said "I hadn't

## THE AMERICAN LEGION 1919

Thirty five years ago in Paris, France a group of honorable, home-sick, magnificent Americans associated together for GOD and Country. These were men who had fought for America and our Way of Life. These men who had lain in the mud and on blood-stained fighting for a Cause.

The War had been won. This group of Americans far-off land were determined to preserve the peace which the War was fought for, if those Ideals were all was lost. There were the men who founded the Legion in 1919.

The Ideals? The Ideals these men wished to were the same Ideals as set forth by another group of patriots many years before in 1776. The founders of the American Legion re-dedicated themselves to uphold the Constitution of the United States and to Preserve against all foes. Many of them have served again and now serve our Country as Legionnaires.

The first Armistice Day Parade in 1919 at Centralington was the scene of a bloody massacre of marching legionnaires by a Communist group called the I. W. W. International Workers of the World, Unarmed Americans had fought for America, who believed in Americanism were attacked and killed because of their Beliefs.

The American Legion has been beset by many groups of individuals during its growth to maturity. In the of growth to maturity the Legion has never faltered from its program to Foster and Perpetuate 100% AMERICANISM; to quicken the Interest in National Security; to Strengthen Individual Loyalty; to Stir Patriotism; and to cate in all Citizens a Pride of American Citizenship.

Those early Legionnaires realized that they would be out of the trenches, out of the War for Freedom. Eternal Vigilance would be the price of Liberty. Their continued determination to defend and preserve our Heritage for posterity has finally placed the American Legion in the position of being the Nation's largest and most group of Defenders of AMERICANISM.

More than THREE MILLION Legionnaires are pledged "Foster and Perpetuate 100% AMERICANISM. They will compromise for less. THREE MILLION battle-hard veterans stand guard over the Flame of Freedom. THAT'S AMERICAN LEGION IN 1954.

THIS new '54 GMC light-duty wasn't born just to win beauty contests. Sure, its sleek lines, full-width grille and panoramic windshield are handsomely un-trucklike. There's the same dashing air about the inside, too. Two-tone color scheme. Harmonizing, supple-leather upholstery. Smart instrument panel, with dials clustered for instant reading. But mister—take another look! A burly, brawny brute of an engine—a real truck engine—makes you think of a Miss America who also can bend horseshoes. 125 horsepower says that this beauty can heft a top load with ease and dash. That's more power than some makers rack into their two-ton models. That's more usable power than in any other 6-cylinder engine in its class! And its wide, deep box holds at least 8 cubic feet more than the roomy '53 model. That tail gate is grain-tight—and sand-tight. Finally, it offers Truck Hydra-Matic Drive\* that saves you, saves your cash, saves your time. ## HERE ARE SEVEN STEPS TOWARD SUCCESS WITH ROSES

Buy good plants, preferably No. 1, two years old, field grown and by 2 or 3 times while filling the hole.

Hybrid Tea, Polyantha, Floribunda should come in early spring as soon as leaf buds begin to swell. Clear away much and work plant food into soil around the plant. Use 1 rounded tablespoon of Vigoro per plant (or 1 pound per 25 square feet of bed area.) Second feeding should be made at the same rate and immediately following the first heavy bloom. Third feeding, also at same rate, should be made in late summer . . . northern areas not later than August 15. In southern areas, where blooming extends into October and November, a fourth feeding should be made about the first of October. Many growers follow a regular monthly feeding program during the growing season with good results.

Select a sunny, well-drained location. Trim off all broken and bruised roots, cut top growth back to 6 or 8 inches. Dig planting holes at least 6 inches deeper than needed for the plant's roots. Make holes large enough to accommodate roots without crowding or bending. Place a handful of small rocks or pebbles in the bottom of holes to facilitate drainage. Mix 1 tablespoonful of Vigoro with the soil placed over the drainage material. Cover this mixture with plain soil, bringing the level to desired planting depth. Make a mound in the center to receive plant. Set plant roots over this mound, spread roots, and fill in with soil. Firm the soil tight-

ly 2 or 3 times while filling the hole. Hybrid Tea, Polyantha, Floribunda should come in early spring as soon as leaf buds begin to swell. Clear away much and work plant food into soil around the plant. Use 1 rounded tablespoon of Vigoro per plant (or 1 pound per 25 square feet of bed area.) Second feeding should be made at the same rate and immediately following the first heavy bloom. Third feeding, also at same rate, should be made in late summer . . . northern areas not later than August 15. In southern areas, where blooming extends into October and November, a fourth feeding should be made about the first of October. Many growers follow a regular monthly feeding program during the growing season with good results.

TEA ROSES—Use one half of the above amounts, applying in a similar manner and at the same times.

Hybrid Perpetual. Climbing, Shrub Roses: Feed 1 rounded tablespoon of Vigoro per plant in early spring. Feed again when blooms start to appear. In

both cases work the Vigoro lightly into the soil to within 4 inches of the plant.

The cultural practices differ but little in various sections of the country, with exception of timing of operations that depend upon climate. Artificial watering may be necessary if summer rainfall is insufficient. If soil is well drained, there is not much danger of overwatering. When watering soak the soil to a depth of 6 to 8 inches. . . do not merely sprinkle. CULTIVATION is necessary to eliminate weeds and keep soil loose. Deep cultivation in midsummer is harmful when the roots are close to the surface. MULCHING during the summer will eliminate weeds, necessity of cultivation, and reduce moisture evaporation. Mulches should be applied 2 or 3 weeks before roses come into bloom.

Black-spot, mildew, and blight together with insects, such as aphids, trips, and red spider, are some of the more troublesome rose diseases and insect problems. Control is easy and prevention is practical with the regular use of Endo-Pest, the all-purpose dust that controls most fungus diseases and chewing and sucking insects. Endo-Pest leaves no unsightly residues and no complicated diagnosis is necessary. Regular dusting every week or 10 days with Endo-Pest will make the disease-insect problem easy to handle.

Bush type roses should be pruned in the early spring when the leaf buds begin to swell, but before growth starts. Follow these basic principles: (1) Remove all wood killed or injured during the winter, cutting back to solid tissue. (2) Remove all weak, twiggy growth. (3) Shape plants by cutting strong canes back to a uniform height, removing as little healthy wood as possible. Remove very old canes by cutting off at the ground level. (4) Cut ordinary hybrid varieties back to about 18 to 24 inches. Rambles should be pruned after blooming by removing old unwanted canes at the base.

It's not extreme cold that kills roses but rather the frequent alternate freezing and thawing that heaves the plant, thus breaking the roots. The winter sun and dry winds take moisture away from the canes and make winter injury more of a problem. Winter mulching with straw, peat moss, or other material is advisable in all but the extreme southern sections

of the United States. This mulch regulates the soil temperature and tempers the effects of freezing and thawing. Pull soil up around each plant to a height of about 6 inches after the first frost, then after the ground is frozen apply mulch.

lived in the "pirate house."

The Listers purchased the home in 1950.

In addition to the beautiful and authentic period atmosphere re-created in the home by the Listers, visitors will be shown the property surrounding the house, where points of interest include an old fashioned wishing well, masses of yellow jonquils and the shell path-way framed by huge oaks.

There is a pony ranch in the making at the Lister home and a running stream where ducks swim. Extensive landscaping, pointing up the rustic trellises, and flower beds, has made the garden a high point in the planned tour.

## How Can I

Q. How can I remove ink stains from a rug?

A. Wash at once with sweet milk and sprinkle with white cornmeal. Let remain over night, then sweep up. Good results can also be had if the stains are dry, by rubbing with milk, using fresh as it becomes ink; then wash spots with ammonia water to remove the grease.

Q. How can I avoid having heavy boiled potatoes?

A. To prevent the spilling of boiled potatoes, take the lid off when serving. Allow them to cool a little rather than cover them and make them heavy from steam.

Q. Should stockings be washed, if one has not worn them, and they are to be stored away?

A. Yes; the washing will remove the excess dye besides pre-

serving them for a longer time. from the bottles, and similar use.

Q. How can I remove wood from boiling water without burning the fingers?

A. A pair of candy tongs is a handy utensil to keep in the kitchen for removing articles from boiling water, removing olives side with a moderately hot iron.

Q. How should satin be pressed?

A. When pressing a satin dress, sponge lightly on the wrong side, then press the satin on the wrong side with a moderately hot iron.

Mrs. Crump conducted a tour over the shaded paths of the gardens bordered by the many varieties of camellias, azaleas, fern and numerous other beautiful plants and trees.

Many objects of art, collected in the old world by the owners, were seen in "The Little Museum."

J. K. Reynold, former Mayor of Magee and ex-president of the Magee Lions Club spoke at the Pass Christian Lions Club meeting Thursday night. Mr. Reynolds was introduced by Lions President Ed Lively and gave highlights on how to get industry for your town.

He pointed out that it should be a civic project, that all clubs should appoint a committee form each club in proposing a program and going forward and meeting these new industries that are moving south. For further help the committees as a whole should get an appointment with Gov. Hugh White, who is always interested in getting more industry for Missis-

He said another way to do this is through advertisement - by letting management know what we have to offer in line of labor, utilities, transportation, and roads. For information of this nature, said Mr. Reynold the Power Com-pany is always willing to work with committees, and they have the necessary data available. He further stressed that it is always wise to give your fullest cooperation to management and having the necessary information and facts about what your town has to offer. Even by buying one half the stock in the company, is well worth the try. Summing up his talk, Mr. Reynold said, that to get industry will take time, but in the end it will be time well spent when you see your town growing.

Along with other business that was discussed was the repairs of the club room for the Sea Scouts Troop, and the repairs of the au-

ditorium for the Teen-Agers. Teen. Ladies night will be March 25.

Six new members who were inducted in the club were John Ko-Vari, Advant, Henderson, Point, Hodges, Gulfport Paper Co., SStria, Gulfport 7-Up Co.; Billy Bourdin, Plumbers, Pass Christian, Sangree, Sears, Roebuck, Port and Shannon Pickich, Filling Station, Pass Christian.

Alpha Omicron members of Sigma Phi met at the community youth center Wednesday evening with Mrs. Bernard Lotts and Mrs. Leo Allen as hostesses. The guests of honor were introduced and welcomed by Mrs. W. S. Van Landingham.

They were Miss Kathryn Pinner, Mrs. Shannon Pickich, and Mrs. Jack Pogue. The guests were given a complete picture of Beta Sigma Phi locally and internationally. Mrs. Grady Mangum displayed the years scrap book and told of the chapters outstanding achievements.

Plans were made to present a play "Warning Wings" under the direction of Mr. John Kovace. Try-outs will be given at a date to be announced later.

Miss Maria Tortorich, dramatic soprano who ranks among New Orleans' leading opera singers, entertained an enthusiastic Gulf Coast Theatre of Arts audience Sunday afternoon at Mid-Oaks in Pass Christian with a variety of melodic numbers ranging from a selection from Mozart's Figaro to present day compositions by Ferdinand Dunkley.

She was accompanied by Mrs. Elizabeth Schwartz, also from New Orleans.

Under the direction of Laurence Oden, head of Oden's School of Music, the programs of the Theatre group have shown top talent, and this, the fourth monthly presentation, was greatly acclaimed as one of the best yet.

## Lawns Need Proper Care To Thrive

Established lawns need regular  
care if they are to remain beauti-  
ful. This care includes such things  
as plant feeding, reseeding, and  
proper mowing and watering. In  
northern sections, fall offers an  
ideal season for renovating estab-  
lished lawns since it enables gar-  
deners to combine an effective seed  
weed control program with lawn  
care.

In reseeding lawns, use about 3  
pounds of good grass seed per  
1,000 square feet of area. Be-

after growth starts, apply 3 pounds  
of Vigoro per 100 square feet  
of area... when the grass is dry.  
Knock the plant food off the blades  
by ruffling the grass with the back  
of a rake and then soak  
thoroughly. When revitalizing  
lawns in fall, first spray the en-  
tire lawn area with selective lawn  
weed control. Then when weeds  
begin to die, apply 3 lbs. of Vi-  
goro per 100 square feet and soak  
the lawn thoroughly. A day or  
two later go over the lawn, loos-  
ening thin areas with a rake.  
Reseed these areas and roll or  
tamper them to make certain seed  
is in firm contact with soil.

Here are some easy-to-grow  
flowering shrubs:

**ALTHEA** (Rose of Sharon)—  
Celestial Blue, Snowdrift, and Ru-  
bus, a deep-rose pink flower with  
deeper center. Summer flowering.  
**ALAZEA**—Tender and semi-  
hardy shrubs. Wide range of  
heights. Spring and early sum-  
mer bloomers. Wide variety of  
brilliant hues. Most types cannot

be grown in northern states; how-  
ever, some more hardy varieties  
are able to stand winters of the  
central states.

**FLOWERING QUINCE**—White  
blossoms before all leaves appear.  
Some bushes reach a height of 10  
feet and a spread of 120 feet. Fruit  
often used for fragrance and in  
making jellies.

**MOCK ORANGE** (Philadelphus)  
—Deciduous shrub of medium size  
with white or creamy fragrant  
flowers in early summer. Most  
varieties are hardy. Average ma-  
ture height 10 to 12 feet.

**MAGNOLIA SOULANGEANA**—  
(Saucer Magnolia)—A prolific  
bloomer that's just about the show-  
iest possible in the early spring.  
Its 6-inch fragrant flowers are  
white inside and brilliant purple  
outside. There are varieties with  
colors of white, red, and other  
shades.

**FLOWERING PLUM** (Prunus  
Pissardi Veltchii)—A small tree  
with large double pink blossoms  
and bronze-colored foliage which  
turns green in late summer.

**PSSY WILLOW** (Salix)—A de-  
ciduous tree that usually forms a  
shrub about 10 feet high. Large  
silvery catkins appear before  
leaves in late winter.

**LILAC** (Syringa)—An old fa-  
vorite with many forms. Hardy  
shrubs, especially easy to grow.  
Spring flowering in colors from  
pure white to deep crimson.

**WEIGELA**—Deciduous shrub  
belonging to Honeysuckle family.  
Spreading in habit with clusters of  
bell-shaped flowers in early spring  
and early summer. Not complete-  
ly hardy in more northern states.

## News

By MRS. CHARLES SCHROLL

The Rotary Club heard George Thatcher of Gulfport who spoke on "Misrepresentation in Mississippi." The core of his talk was that we in Mississippi are being misrepresented because of the present standards whereby there are two legislators for each county, disregarding population. Harrison county, with ten times as many voters as other counties, are still represented in the house by the same number of legislators.

Also at the Rotary Club meeting a new board of directors for the year was chosen. Jack Lang was elected as president; George Burns, vice-president and Ad Lang was re-elected treasurer. Other members of the board of directors were Joe Corley, Jim Watkins and Al Bourdin.

The Boy Scouts had a surprise werner roast Monday night in the park. Among their skating and test passing. Parents with boys between the ages of 11 and 13 are urged to interest their boys in scouting.

The Carnival Ball was held Saturday night as a prelude to the next day's parade. It was a festive and colorful costumes, dancing, and a wholesome good time. Refreshments were served outside.

Royce Domingue reigned as King of Carnival, and Jackie Lucas was his Queen. The parade started at 2:00 p. m. led by the No.

1 float, the Flame, fire engines of the Volunteer Fire Dept., Troop 216 Boy Scouts marched next with the flag. They were in full uniform and marching with as much precision as 13 year olds can muster. Other floats in the parade were My Old Kentucky Home, which was a log cabin depicting life in the hills of Kentucky, sponsored and built by Rotarians. The Sea Scouts built a unique float—a cage—and had in it a wild man.

The Lions' club was represented, the Yacht Club, Peter Cottontail (Shannon Pickich's Jeep and 7 little bunnies), the Woman's Civic League a colorful float and gaudy carnival costumes. Other floats were Cocktails For Two, Dragnet, (Float Dragging a big fishing net), Louisiana Hay Ride, Home, Home on the Range, Old Gang of Mine Devils and Angels, and Hill-Billies, featuring the hillbilly singing of Elmer Parker. The Sacred Heart Band of Biloxi was a highlight of the parade, attired in their Scottish kilts and knee-high stockings.

The Rotary float, My Old Kentucky Home, won first prize as the best float. It even had a window.

The Womans Auxillary of the Pass Christian Yacht Club entertained recently at their semi-monthly luncheon. After the luncheon a fashion show, under the direction of Mrs. Donna Baird and sponsored by the Pink Cottage, was held. Hostesses for the event were Mrs. John M. Parker, Jr., Mrs. Charles H. Merrick and Mrs. Stanford Morse.

The regular monthly meeting of the Pass Christian Garden Club was held Thursday, at the beautiful Holly Bluff Gardens on the

Jourdan, the home of Mr. and Mrs. James L. Crump.

Mrs. Crump conducted a tour over the shaded paths of the gardens bordered by the many varieties of camellias, azaleas, fern and numerous other beautiful plants and trees.

Many objects of art, collected in the old world by the owners, were seen in "The Little Museum."

J. K. Reynold, former Mayor of Magee and ex-president of the Magee Lions Club spoke at the Pass Christian Lions Club meeting Thursday night. Mr. Reynolds was introduced by Lions President Ed Lively and gave highlights on how to get industry for your town.

He pointed out that it should be a civic project, that all clubs should appoint a committee from each club in proposing a program and going forward and meeting these new industries that are moving south. For further help the committees as a whole should get an appointment with Gov. Hugh White, who is always interested in getting more industry for Mississippi.

He said another way to do this is through advertisement—by letting management know what we have to offer in line of labor, utilities, transportation, and roads. For information of this nature, said Mr. Reynold the Power Company is always willing to work with committees, and they have the necessary data available. He further stressed that it is always wise to give your fullest cooperation to management and having the necessary information and facts about what your town has to offer. Even by buying one half the stock in the company, it is well worth the try. Summing up his talk, Mr. Reynold said, that to get industry will take time, but in the end it will be time well spent when you see your town growing.

Along with other business that was discussed was the repairs of the club room for the Sea Scouts Troop, and the repairs of the au-

ditions for the Troop, which took place last night with a March 21.

Six new members were inducted into the club were John Ko Vava, Advertiser, Henderson, Point, Hodges, Gulfport Paper, Stettin, Gulfport 7-11, Co., Billy Bourdin, Plumbers, Pass Christian, Sangree, Sears Roebuck, port and Shammon Beach, Filling Station, Pass Christian.

Alpha Omicron members of Sigma Phi met at the community youth center Wednesday evening with Mrs. Bernard Lotts and Mrs. Leo Allen as hostesses. The guests of honor were introduced and welcomed by Mrs. W. S. Van Landingham.

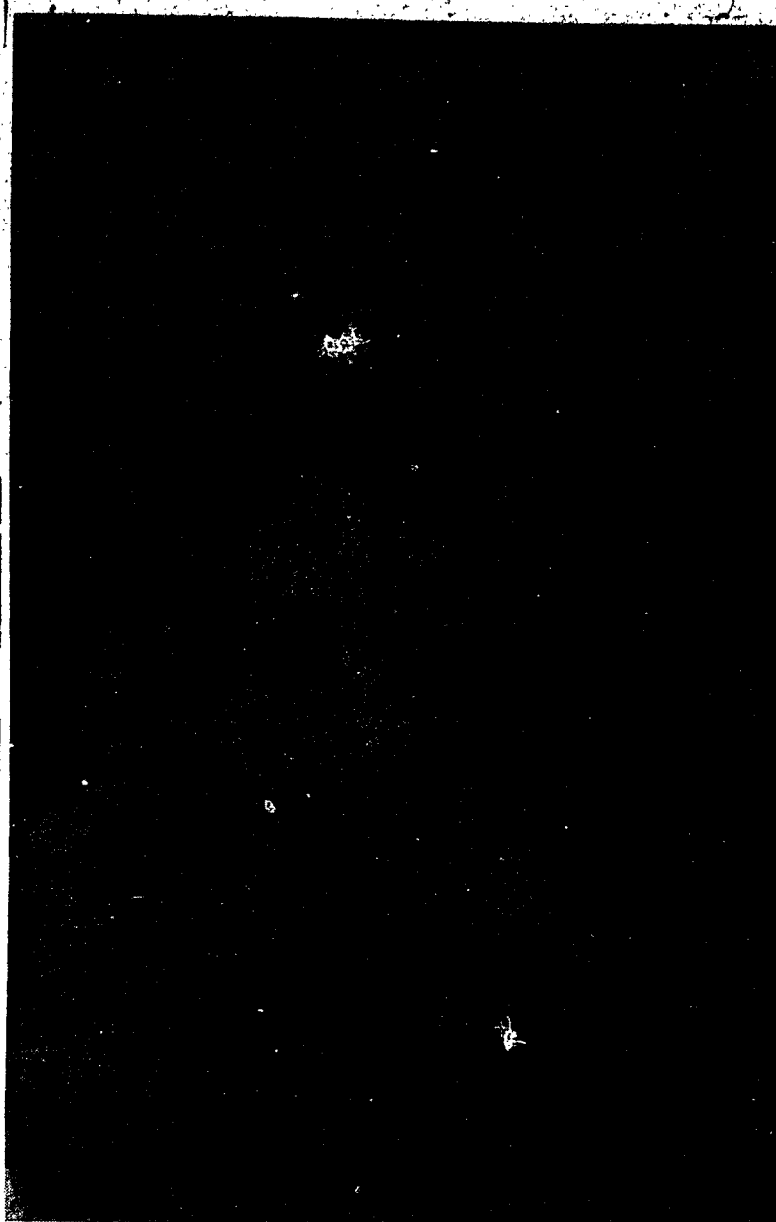

They were Miss Kathryn Puchner, Mrs. Shannon Pickich, and Mrs. Jack Pogue. The guests were given a complete picture of Sigma Phi locally and internationally. Mrs. Grady Mangum displayed the years scrap book and told of the chapters outstanding achievements.

Plans were made to present a play "Warning Wings" under the direction of Mr. John Kovace. Try-outs will be given at a date to be announced later.

Miss Maria Tortorich, dramatic soprano who ranks among New Orleans' leading opera singers, entertained an enthusiastic Gulf Coast Theatre of Arts audience Sunday afternoon at Mid-Oaks in Pass Christian with a variety of melodic numbers ranging from a selection from Mozart's Figaro to present day compositions by Ferdinand Dunkley.

She was accompanied by Mrs. Elizabeth Schwartz, also from New Orleans.

Under the direction of Laurence Oden, head of Oden's School of Music, the programs of the Theatre group have shown top talent, and this, the fourth monthly presentation, was greatly acclaimed as one of the best yet.

### Haitian Theme For Church Meet Methodist Church

The Rev. Charles R. Johnson was keynote speaker at a meeting of the Episcopal Young People of the Diocese of Mississippi held recently in Jackson. A delegate from Bay St. Louis was Patsy Shadoin and from Pass Christian, Marion Moffitt attended.

The program, which began with the celebration of Holy Communion, was centered around "Haitian Drum Beats," the mission study and Lenten Project of the United Movement of the Church youth.

The feature of Saturday evening was a Haitian dinner. 'sy'srtcejongoAa't

The bookkeeping classes are working a longer-than-average problem. They are working a practice set of a business for one month. In the work, they will do all the work necessary for carrying on business for a wholesale grocery for one month. All the transactions are recorded, then the work at the end of the fiscal period is due. The work at the end of the period determines whether a profit or a loss was made during the month. The work should be completed by Friday, and is to be graded according to corrections, neatness, legibility, an promptness in completing the necessary work. The new work to be started next week will be for a combined cash journal, that of a partnership instead of proprietor.

The Mississippi Historical Society met on Saturday, February 27, at the Buena Vista Hotel in Biloxi. Eleanor Bufkin and Mr. Roland Weston were there to represent Bay High School. An Archeologist, Dr. William G. Hagg, L. S. U. gave a very interesting discussion on the early Mississippi Indians. Clayton Rand, who has just finished a book, "Stars In Their Eyes," was the Master of Ceremonies. After dinner was served, there was a speech on foreign immigration into Mississippi.

The Bay High PTA held its March meeting in the Home Economics room of the high school at eight o'clock Tuesday, March 9. The theme for this program was "The Home Is The Backbone"

of Our American Way of Life." In an effort to stress the importance of this topic upon people in every walk of life, a film was shown stressing the importance of this topic upon people in every walk of life, a film was shown stressing the importance of harmonious family relationships in the formative years. Following the film, a panel composed of students from the English classes at Bay High School, spoke on various phases of life as they directly affect the child in all periods of his or her growth. The panel was made up of James Kramer and Joyce Pernicelli, seniors; Janet Breland and Jerry Bienvenu, juniors; Rose Estapa and Hayward Splers, sophomores; and Betty Hartsfield and Tommy Hill, freshmen. Mrs. Norman Hall, program chairman, was in charge of the program for the evening.

A business meeting presided over by Mrs. Kiefer, president, followed the program. Immediately after the meeting was adjourned, the group enjoyed a social hour.

# the People of BAY ST. LOUIS and HANCOCK COUNTY

We appreciate the business we have done since entering the Real Estate business here.

Our Business has been most gratifying. It is our aim and ambition to bring people into the community so they might enjoy what real living is.

Our second year's business was doubled over our first year's business, and the first two months of 1954 is already greater than the entire first year's business.

This has not been done by just putting a "For Sale" sign on a piece of property and wishing for the best of luck. It has been done by a carefully planned advertising campaign, not only advertising a particular piece of property but also letting the people know what great advantages our community offers as compared to other communities.

We are in need of listings, many of the listings which we anticipated selling this spring have already been sold.

Consult Us. We Might solve your Real Estate Problems.
